

CMI top dogs for Hino spare parts

CMI Hino at Laverton offers a full package when it comes to Hino trucks and buses.

As well as selling new and used vehicles, CMI Hino services them, and can also provide the finance for prospective owners.

Parts manager Vince Magnano said there was no need for custom-

ers to go anywhere else as they have everything an owner could need for their vehicles.

As the name suggests, CMI Hino stocks genuine Hino parts and accessories, and best of all, they carry a 12-month factory warranty.

They also provide a free delivery service to the metro area of Mel-

bourne, making it that much easier when it comes to keeping your truck in top condition.

CMI Hino is open 24 hours from 11pm Sunday until 11pm Friday. They are also open from 8am to 4pm Saturdays, along with a 24-hour call-out service for those rare situations where it is needed.

CMI Hino has a huge range of genuine Hino parts to keep your truck or bus in perfect running order
