

CMV GIPPSLAND

A MAJOR move to relocate its Gippsland dealership to Traralgon is paying off for leading Australian Mack and Volvo truck dealership CMV Truck and Bus.

"We're very pleased with the response we have had from our Mack and Volvo Customers," CMV Gippsland's branch manager Jason Hunt said.

"They're telling us that Traralgon is ideally located because it is more central and easy to access wherever they are in Gippsland.

"Since opening we've had customers from east, west and south Gippsland. All six drive-through service bays are full, our parts store is well-stocked and in demand, and our expert sales teams are busy."

Mr Hunt said the new

state-of-the-art Traralgon facility represented one of the largest single investments in the region's transport sector for many years.

"Our new facility has several trucks on display at

any one time backed up by a well-stocked parts store, a modern workshop with six drive-through bays and a full length in-ground service pit and overhead crane.

"We've also got 16 expert sales and service technicians

at the new Traralgon site, with plans to employ more local staff in the next 12 months."
